To: Children in Years 1 to 6

26<sup>th</sup> January 2018

Dear Families

As part of our online homework initiative, we have invested in a highly recommended mathematics program. Your child is now using Mathletics as part of their weekly mathematics homework. Mathletics is a targeted, rewarding and captivating online learning resource, which is aligned to curriculum standards. It allows teachers to personalise your child's learning, targeting your child's specific needs and reinforce learning covered that week.

Your child has take-home access to Mathletics – they simply sign in with their school username and password using any compatible computer or mobile device. The extra Mathletics practice at home can make all the difference to your child's progress. Encourage them to achieve a weekly target of 1000 points to earn a certificate, building through bronze, silver and gold across the school year. Many parents have expressed their desire to track their child's online homework closely. Through Mathletics, parents can sign up for weekly progress emails, based on children's online maths activity.

Sign up for free progress updates in 3 easy steps:

1. Visit [www.mathletics.com/parent](http://www.mathletics.com/parent)
2. Complete the form and click 'Submit'
3. Look out for a weekly progress email in your inbox at the beginning of each week

Kind regards

Mr R Fairclough  
Headteacher
